Please keep TEP on track with energy efficiency

Docket No. E-01933A-15-0178

Dear Acting Chairman Little and Commissioners

My name is Carol Montgomery and a TEP customer.

The Arizona Efficiency Standard and these programs have already saved Arizonans hundreds of millions of dollars in lower utility bills, reduced air pollution and water savings. I have personally utilized the TOU weekdays (off peak usage), replaced light bulbs in all lamps and ceiling fans, and lowered thermostat in winter and raised it in summer. Taking these steps has resulted in savings that I can use for necessities.

I would like to see more programs offering to help me and other TEP customers to further reduce our energy use.

Thank you for your consideration.

Carol Montgomery
