2/1/16 Arizona Corporation Commission The San Pedro River basin is a Jewel of Arizona. While a member of Civil Air Patrol we flew over that area often. Noted the huge ugly graded scar down the length of this valley. Often wondered who would be allowed or be willing to destroy a last functioning with running water wildlife habitat as well as major migration bird route in through Arizona. Please deny this SunZia route through the San Pedro so we can maintain for future generations a place of beauty and wonder. There surely are other routes that would not have the same environmental impacts and would be easier to maintain for the company. Please say NO to this SunZia route. Beryl Baker, 2723 S Mission, Tucson, AZ who has lived in Az for 65 years and come to appreciate the beauty of our state. Please help maintain some beauty of this state by denying this application. Thank you in advance
