RE: Decision Number 75344

To Whom It May Concern,

This letter is notice that Cedar Grove Water, Inc. has complied with the first Order listed in the aforementioned Decision. Namely, "IT IS FURTHER ORDERED that the rates and charges approved herein shall become effective thirty days (30) after, Cedar Grove Water, Inc. has filed with Docket Control, as a compliance item in this docket, documentation demonstrating: the Company's request for the Arizona Department of Environmental Quality to inspect the 26 individually metered loadout yard hydrants and to review the mobile water tank filling procedures used by the Company, to insure they meet Arizona Department of Environmental Quality rules and regulations; and that the repairs to the loose and/or exposed wiring at the Sunrise Vista well site, Eagle Ridge well site, Well No.2 well site, Warehouse Building, and Rippy Booster Station have been completed."

Cedar Grove Water, Inc. has contacted the Arizona Department of Environmental Quality and has developed a plan with that particular agency to upgrade the loadout yard hydrants to comply with the rules and regulations as set forth by the Arizona Department of Environmental Quality. Furthermore, the repairs to loose and/or exposed wiring at the locations identified above have been completed.

Therefore, Cedar Grove Water, Inc. anticipates that the rates and charges approved with Decision Number 75344 will become effective thirty days (30) from the date that this letter is docketed. Thank you for your assistance. Have a magnificent day!

Best Regards,

Thomas Grapp
