Subject: Item #5 in ACC staff meeting tomorrow

Commissioner Forese:

As the Commission is discussing possible public hearings in the UNS rate case in item #5 of the Staff Meeting agenda tomorrow, I'm writing on behalf of AARP to weigh-in in favor of more public hearings. As the service areas are so distant from the scheduled March Tucson hearings, in particular those in Mohave, additional hearings would better afford the ratepayers in these areas reasonable access to address the Commission on the important proposals made in the UNS case. AARP would be happy to use some of its resources to help notify it's members if more public forums are to be held to help assure the Commission's time is not wasted.

In appreciation of your time and consideration I am, sincerely,

Steve Jennings
