Dear Arizona Corporate Commission,

There is no justification for the exorbinant increase in our sewer rates and monthly surcharge being proposes by Liberty Utilities. Furthermore, the monthly surcharge of up at \$15.00 that may be increased without further approval by the ACC will surly give the company the opportunity to increase rates without justifying the reasons why they are necessary.

This is a new business climate compared to just 10 years ago that necessitates over site of companies prior to price increases on the general public especially when It comes to utilities that supply the basics of gas, electric, water/sewer and trash pickup rates.

Please do not give Liberty Utilities the ability to increase rates without any over site.
