Docket No. W-03945A-16-0044

Customer is opposed to the proposed rate increase. According to customer his friend down the road is a customer of Tucson Water who pays much less than he does for water. His other friends who live in Robles Junction also pay much less for water. Customer will tell his neighbors to call the ACC to file their opposition to this proposed rate case as the water rates are already high enough. Customer claims he has lived here for ten years and is thinking about possibly moving to another area with water rates he can comfortably afford.
