Re: Docket No. E-01933A-15-0322

I am a 81 year old Widow and had to resort to the lower Pay Plan to keep my electric on. I live in a one bedroom apartment and my rate is normally \$99.00 dollars, but I pay on the Lower Budget Plan of \$77.00 a month with an owing balance continuing to build up and that I still owe.

cannot pay another increase, that is why I am writing to you o consider the elderly in your decision. Please do not add to my financial suffering.

Tucson is suffering in many ways. I have resorted to getting a food box at the end of

he month because my Social Security Income ONLY, with no savings account to carry me out the month with food.

In your deliberations remember the old and elderly people who are paying raises in medical co-pays, unexpected billings, additional medications because of aging, rental increases, medical insurance increases, increasing food prices.

Thank you for your consideration in this matter.
