Docket # E-04204A-15-0142
Re: UNS Rate Case

Dear Chairman Little and Members of the Arizona Corporation Commission,

We are electricity ratepayers in Tucson and we are writing to oppose the additional mandatory fees on rooftop solar proposed by UNS Electric in their rate case.

UNS's proposal to raise monthly mandatory fees from \$10 to \$15 and to impose a new 'demand charge' on all customers would have a negative impact on working class customers and those who conserve energy. These new charges would disproportionately increase the electric bills of those who are least able to pay, and would serve as a disincentive to energy conservation.

Please oppose the new solar fees and penalties proposed by UNS.

Thank you for considering our comments.

Sincerely,

Kenneth & JoAnn Bierman
