Docket No: E-04204A-15-0142

Dear Roberto:

I just wanted to take a minute to thank Unisource for all you do for our group and the community. From your company's financial contributions to David G. Hutchens, your company's President and Chief Executive Officer speaking at our 2015 Awards Banquet to you making your meeting facilities available to our Foundation when school district offices are not available. Thank you for all the little things that seem to go unnoticed. It is a pleasure working with you and I look forward to a long relationship.

Sincerely,

Dean Davis
Chairman of the Board
