As a Senior Citizen on a very fixed income and no raises in sight for us. I beg that the Commission reconsiders and reject any of this REST implantation plan.

Please reject UNS proposal – no mandatory serve changes.

I have conserved in every which way I can – including changing all my light bills. Using only one light at a time, not abusing the use of my electricity. I would like to be able to stay in my home as long as I possibly can. Thank you.
