IN THE MATTER OF THE ARIZONA CORPORATION COMMISSION, ON ITS OWN MOTION, TO ESTABLISH AN ARRAY OF PUBLIC RAIL/HIGHWAY GRADE CROSSINGS THROUGHOUT THE STATE OF ARIZONA.

DOCKET NO. RR-00000E-16-0014

DECISION NO. 75489

ORDER

Arizona Corporation Commission

DOCKETED

MAR 10 2016

DOCKETED BY *KE*

Open Meeting
March 2, 2016

Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. Arizona Revised Statutes (A.R.S.) Sections 40-337.02 and 40-337.03 relate to the allocation of funds for the installation of automatic warning signals and devices at public railroad grade crossings and the determination of locations where the installation of automatic warning signals should occur on that date.

2. A.R.S. Section 40-337.03 enables the Arizona Corporation Commission (Commission), which has the exclusive power to determine and prescribe the manner and terms of installation of warnings at each railway crossing pursuant to A.R.S. Section 40-337, to establish an array of public railroad grade crossings to plan for the orderly installation of automatic warning signals and devices.

3. Although numerous hazard index formulas have been proposed over many years to assess the relative hazard of a grade crossing based upon some combination of its characteristics, no one such formula, or combination thereof, has universal acceptance. The development of the array and the determination of the warnings to be installed at crossings also involve the exercise of judgment.

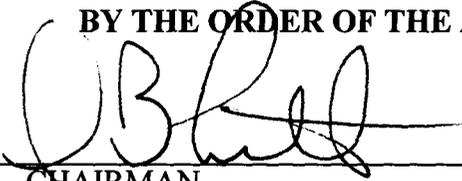

1 2. Pursuant to the Commission's exclusive power over railway/highway crossings, the
2 array shall establish the public grade crossings in Arizona at which changes in signalization may be
3 made under A.R.S. Sections 40-337, *et seq.*

4 ORDER

5 THEREFORE, IT IS ORDERED that the array established in Decision No. 74987, as well as
6 the crossings listed on Attachment 1, be and hereby is approved.

7 IT IS FURTHER ORDERED that this Decision shall become effective immediately.

MEMORANDUM

TO: THE COMMISSION

FROM: Robert Marvin
Director
Safety Division

DATE: January 28, 2016

RE: IN THE MATTER OF THE ARIZONA CORPORATION
COMMISSION, ON ITS OWN MOTION, TO ESTABLISH AN ARRAY
OF PUBLIC RAIL/HIGHWAY GRADE CROSSINGS THROUGHOUT
THE STATE OF ARIZONA (DOCKET NO. RR-00000E-16-0014).

The Arizona Corporation Commission (Commission), pursuant to law, submits to the railroad Companies, Cities, Counties and the Arizona Department of Transportation (ADOT), an array of Public Rail/Highway grade crossings where the installation of automatic warning signals or devices should be considered. This array is used as a planning tool by these agencies and railroads for grade crossing upgrades. Staff recommends that the previous array approved by the Commission in Decision 74987, dated March 16, 2015, be reaffirmed and that four (4) additional crossings be added to the array. The four (4) additional crossing upgrades were identified by Staff after consultation with ADOT and the Federal Highway Administration.
