Mr. Tobin

1200 W Washington Street

Phoenix, AZ 85007

Dear Mr. Tobin:

My wife and I purchased a home in Johnson Ranch back in 2010.

We have sold our home here in the Black Hills of South Dakota and are preparing to move there, permanently, this June. We have been informed of the water situation at the Johnson Ranch Golf Course that my force its closure.

My wife and I are avid golfers and are very concerned about this situation not only for us but for the entire community and what it will do to the values of our homes, as well as the revenue that would be lost from the snow birds who come to Johnson Ranch every winter to play golf and spend money in our community. We are a growing community and I am not sure why they are jacking up the water prices from \$100,000 per year to \$500,000 a year. This not only jeopardizes Johnson Ranch but the surrounding golf courses who have also built communities around them.

I want to thank you in advance for your support and your effort to save our community from devastation.

Regards,

Andy Storms
