Nature Of Opinion

Docket Number: WS-02676A-15-0368

Docket Position: Against

I understand that price increases may be necessary at times, but what I read in the letter I received today seems to be way out of line. It states that Liberty utilities wants to increase water rates 22.55% and wastewater rates 15.31%. This is extremely high and I wish to express my extreme concern for these very high requested rate increases. Rio Rico is a small town, and for the most part people here don't have a lot of money and an increase such as these requested ones will adversely affect a large part of this population. The jobs that exist here are largely in the produce business which is seasonal and doesn't pay a lot to most people. There are no large industries that pay well and the people here do what they have to in order to survive. Again, a large increase will hurt this area. Thank You Bill Ohl
