Doug Little  
Arizona Corporation Commission  
Commissioners Wing  
1200 West Washington  
Phoenix, AZ 85007-2996

Re: Docket No. WS-02987A-16-0017

Dear Commissioner Little:

As a home owner in Johnson Ranch, I am quite concerned on the issue pertaining to Johnson Ranch Golf Course no longer receiving use of reclaimed water supply at their facility, and may face the possibility of paying high water costs to maintain the course.

We greatly value the local golf course which surrounds our property and that of many other residents. We enjoy taking our visitors to this beautiful golf course and restaurant. Utilizing this facility, is an obvious reason why we chose to settle here as our retirement home.

If these plans go into effect, it has been reported that our home would decrease in value; our community would lose residents, including snowbirds and their vital impact on our businesses. I have worked exceptionally hard as an agricultural producer for 47 years, to secure our retirement home in Arizona (when I could have chosen many other areas) and find it quite disturbing to possibly lose it over changing how water is received to keep the course alive and functioning!

I ask that you, and the other members of the Arizona Corporation Commission, continue to consciously and diligently work on the behalf of all Johnson Ranch homeowners to stop this utility from making any changes to the system in place.

Sincerely,  
  
Bruce Hazard
