### Nature Of Opinion

**Docket Number:** E-01933A-15-0322

**Docket Position:** Against

I am contacting you to encourage a "NO" vote to solar rate increases of any type by utility companies. If this is not the correct venue for my plea, I trust that it will be forwarded on as appropriate. As we all now know, global atmosphere interference (such as global warming) is a huge problem. Using available solar energy as an option to fossil fuel energy is a no-brainer. Let's not discourage this positive change; at the same time, we must not allow utility companies to recoup their lost profits by increasing costs to their non-solar customers. Perhaps the time of utility companies holding the public hostage while making large profits is coming to an end. Change is, after all, inevitable, so please be a part of encouraging good change. Thank you.
