Dear Sirs, I would like to refer Mr. Tobin, Mr. Forese, Mr. Little, Mr. Stump and Mr Burns to Docket # WS-02987A-16-0017. My wife Lisa and I purchased a home in Johnson Ranch back in 2010. We have sold our home here in the Black Hills of South Dakota and are preparing to move there in June. We have been informed of the water situation at the Johnson Ranch Golf Course that may force it's closure. My wife and I are avid golfers and are very concerned about this situation not only for us but for the entire community and what it will do to the values of our homes, plus all the revenue that would be lost from the Snow Birds who come to JR every winter to play golf and spend money in our community. We are a growing community and I am not quite clear why they are jacking up the water prices to the JR Golf Course from \$100,000 per year to \$500,000 a year this not only jeopardize JR but any surrounding Golf Courses who have built communities around them. I want to thank you in advance for you support and your effort to save our community from devastation.
