DOCKET CONTROL

Re: In the Matter of UNS Electric, Inc. (Docket No. E.-04204A-15-0142)

Dear Commissioner Burns:

UNS Electric, Inc. ("UNS Electric" or "Company") is in receipt of your letter dated April 13, 2016 in this docket. You have identified several areas of interest and concern that you would like addressed in order to assist the Commission with its consideration of alternative rate design proposals. The Company intends to address the information requested in your letter regarding UNS Electric's proposals in our post-hearing brief that will be filed on April 25, 2016, and fully expect other Parties to do the same.

The amount of written and verbal testimony provided as evidence in this case has been extensive and covered a very wide range of rate design topics and options. We believe that there is adequate evidence in the record for the Company to address the issues you raised regarding our rate design proposals in our post-hearing and responsive briefs which will be filed on April 25, 2016 and May 11, 2016, respectively. It is through these two briefs that we, and the other Parties, have the opportunity to address our recommendations based on all the evidence and options in the record.

In summary, the Company believes that the evidentiary record in this case, along with what is anticipated to be extensive post-hearing briefing, will provide the Commission with the necessary and relevant information needed to evaluate options and render an informed final decision in this matter.

Sincerely,

David G. Hutchens
President
UNS Electric, Inc.
