RE: UNS rate case

Dear Chairman Little + members of the Arizona Corporation Commission.

I am an electricity rate payer in the state of Arizona and a solar roof top user. Additionally I am planning and designing a new home. I am writing to oppose the UNS rate hikes of the monthly mandatory fees. These charges negatively impact me and my family both as customers and as residents of the state. We care about a clean energy future and want to see incentives to increase solar participation. Arizona should strive to be a leader in clean energy aiming to have all residences powered by solar.

Please oppose the rate hike and fee increase on solar customers

Sincerely,

Arizona Corporation Commission
