As a business owner in San Tan Valley and Johnson Ranch, we are very concerned about the dangerous precedent that Johnson Uilities is attempting to set with the Golf Club at Johnson Ranch. For 10 years Johnson Utilities has been selling reclaimed water to Johnson Ranch Golf Club. Now Johnson Utilities has put Johnson Ranch Golf Club on notice that they no longer want to sell them reclaimed water. The water cost to the golf club will increase 500%. First the precedent has been set for over 10 years that Johnson Utilities has sold Johnson Ranch Golf Club reclaimed water. Arizona is a desert. Water is one of our most valuable resources. To stop using reclaimed water does not make any sense. There are two other golf courses in this specific area that Johnson Utilities services: Oasis and Encanterra, both of which are being sold reclaimed water. Why is Johnson Utilities targeting Johnson Ranch Golf Club? As a business owner that caters to this area, this is a very dangerous and risky proposition. We are asking the AZ Corporation Commission to look in to these unfair trade practices of Johnson Utilities. Our Johnson Ranch community depends on your help. Thank you.
