In those situations where a Wireless Service provider terminates interMTA traffic to the end-user subscribers of the Company then the rates, terms and conditions of the appropriate access tariff of the Company (either intrastate or interstate) will apply.
- D. These Regulations and Rates are in addition to the Regulations, Rate and Charges in other Company tariffs.
- E. This tariff applies except as otherwise provided in 1) an interconnection agreement between the Wireless Service provider and the Company approved by the Commission pursuant to the Act; or 2) a terminating traffic agreement between the Wireless Service provider and the Company approved by the Commission.
- F. The Company shall issue a bill to the Wireless Service provider based on the best information available to the Company including, but not limited to, records of terminating traffic created by the Company at its end office and/or tandem switch.
