DOCKETED

DOCKETED BY

APPLICATION OF THE WESTERN INFRASTRUCTURE SUSTAINABILITY EFFORT  
FOR LEAVE TO INTERVENE

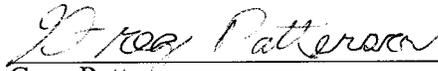

Pursuant to A.A.C. R14-3-105, Western Infrastructure Sustainability Effort (WISE) hereby moves the Commission for leave to intervene in the above-captioned proceeding. WISE is an Arizona Corporation dedicated to working in various Western regulatory arenas in order to incentivize private investment needed to meet critical infrastructure needs in the water, waste water and natural gas industries. This case represents the culmination of an extensive process that will have broad implications on the entire industry. The issues that arise as part of the consolidation case are critical in determining a utility's ability to attract capital and install and maintain infrastructure. Furthermore, ACC policies and rulings on these issues will directly affect other private utilities and will influence the national perception of Arizona's regulatory environment and infrastructure sustainability.
