Arizona Corporation Commission

We are writing you out of concern as a resident property owner of Q mountain Vista sub division in Quarartzsite, Arizona in regards to the water rate increase that has been proposed by the board of directors. It needs to be looked at by the commission, as it is totally out of line. We can agree rates need to be evaluated and decided on, but not to the extent proposed by the board. The resident here are living on fixed income's and this will have a real adverse effect on many.

We know the water system has issues, and has had. But an increase of this magnitude will only serve to divide us and hurt our ability to find a suitable solution to this issue.

The board should not be able to effect our livelihood to this extent, without a vote from all members involved. Thank you for your consideration with this matter.
