Subject: Docket No. WS-01303A-16-0145

Dear Commissioner,

As a resident of a community in the Agua Fria wastewater district, we want the record to show our unconditional support for full consolidation of the EPCOR waste water districts. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many, many years. Full consolidation treats all consumers on an equal basis, is economically viable to all parties and is acceptable to the utility company, EPCOR. We regret that some consumers may see an increase but all consumers will be treated the same and uniformity and fairness is paramount. Please support full consolidation as requested by EPCOR.

Thank you in advance,

Jordon and Danika Martin
Coldwater Ranch Community

Additional note: you have to see that the rates are outrageous. It effects our family's finances and our ability to resell our homes (because of the water rates reputation).

We let our landscape go and missed out on any water activities for our little one (play pool, etc.) during the great AZ weather because we are scared of what the water bill will be and how it will average out.

Please support us.

Sincerely,

Jennifer, David & Piper (age 2)

Subject: Docket No. WS-01303A-16-0145

Dear Chairman Little:

As a resident of a community in the Agua Fria wastewater district, we want the record to show our unconditional support for full consolidation of the EPCOR waste water districts. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many, many years. Full consolidation treats all consumers on an equal basis, is economically viable to all parties and is acceptable to the utility company, EPCOR. We regret that some consumers may see an increase but all consumers will be treated the same and uniformity and fairness is paramount. Please support full consolidation as requested by EPCOR. Thank you in advance.

Subject: RE: Docket No. WS-01303A-16-0145

Dear Commissioner –

As a resident Cross River, a community in the Agua Fria wastewater district, we want the record to show our unconditional support for full consolidation of the EPCOR waste water districts. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many, many years. Full consolidation treats all consumers on an equal basis, is economically viable to all parties and is acceptable to the utility company, EPCOR. We regret that some consumers may see an increase but all consumers will be treated the same and uniformity and fairness is paramount. Please support full consolidation as requested by EPCOR. Thank you in advance.

Subject: Docket no. Ws-1303a-16-~~1645~~0145

Dear Commissioner,

My family and I live in Dos Rios. We are a young family. My husband and I are in our early thirties with 3 beautiful little boys, 11, 6, and 1 years old.

We bought our "dream home" almost 3 years ago. We asked the previous owners for their APS bill so we can see if we could afford such a large houses electric bill. We never imagined a water bill would be so high so we didn't ask for that.

Our first water bill was \$300! I called epcor, of course they said it had to be a leak. There was no leak. I had them remove my meter and test it (they did this when I was not home, and supposedly put on a machine and then invited me to witness it while it worked) of course they said it was perfect. The new meter they placed is digital. Magically the new monthly price was around \$175. Still an OUTRAGEOUS price for water.

My family still needs to pay quarterly for trash pickup. Other communities pay around \$60 a month for water and waste. We have so many houses going up for sale around the community and I can't help but think it has to do with the cost of water.

The other communities that are trying to stop the consolidation have been enjoying cheap water for many years. I understand many in those communities are on fixed incomes, but our communities are young growing families. Families that are still working, going to school, and struggling to make ends meet and provide better lives for our kids then we had.

We beg you to pass the consolidation, or our communities will slowly fall apart instead of grow.

Thank you in advance

Sincerely,

Danielle Kopas
