Subject: I oppose UNS's proposal, regarding Docket# E-04204A-15-0142

Dear Chairman Little,

Pleas stop making proposals that discourage people from wanting to use solar power because of high fees.

Sincerely,

Isabelle Lacey

Dear Chairman Little,

Arizona's biggest resources are its people and climate. Our climate provides plenty of energy in the form of sun and wind, and we should be making use of that to help people do the most they can. Please don't let the utilities raise rates or make it harder for people to use the resources that are healthiest for our planet and our citizens.

Sincerely,

Dear Chairman Little,

Please do not inflict these charges on us. We are at the mercy of the weather here and need to be able to afford climate control.

Sincerely,

Dear Chairman Little,

Wake up people!!! The ACC needs to give us all a break !!! The cost of power is a normal, accurate, and definitive thing!!! Why does the ACC feel the need to change and charge what they feel is fare? As an American, we have the right to question whether or not the action being committed is fare!

America is a country, where as the law gives us all the proper channels to definitively question and challenge laws and fees which a "provider" deems necessary and is an added increase in ones fees!

America as a country needs to wake up and smell the coffee...We have come to a dad and dishonest crossroads in our everyday lives!

Sad...☹

Sincerely,

Nicholas Acciaro
