Nature Of Opinion

Docket# SW-04316A-16-0085

My Property: <<< REDACTED >>>

I currently rent this property until my family members are able to relocate.

We are all adamantly opposed to an increase in the already exorbitant sewer charges, which are not in line with any community we know of.

Instead of trying to gouge us, they need to trim their costs, just like all companies I worked at for 42 years. When insurance companies have higher than desired losses in any area, the entire state pays higher premiums. They don't single out the small communities to decimate their property values and checkbooks.

Most of Entrada del Oro is retired, living on fixed incomes. We don't have the additional money to donate to a company that is already gouging us.

Please deny the petition to increase our rates. This is unfair and a total rip off.

<<< REDACTED >>> - Docket SW-04316A-16-0085

We're adamantly opposed. Their rates are sky high already. Instead of gouging us, they need to find ways to trim their costs like all companies I worked at for 42 years did. Additionally, if insurance companies have a greater than desired loss in a particular state, they spread the cost around to ALL homeowners, and don't single out a little community like ours--filled with mostly retired people like ourselves. All their customers should be effected, not just our little area.

This will destroy our property values and make it nearly impossible to sell. We almost were deterred at the current exorbitant rate.

I rent this house until my family members are able to move to Arizona. They're on a fixed income too, just like we are, and this already outrageous amount is criminal in my opinion.

Please, as the State, able to look out for us, deny their petition to increase our fees.
