Subject: Docket # WS-01303A-16-0145 *oppose*

Dear Mr. Little,

Here we go again.

We received notice of the pending action on Docket # WS-01303A-16-0145. It proposes a 15.2% rate increase for Sun City under unconsolidated and an 85.5% increase if consolidated rates are granted as requested by EPCOR. This is a total and complete outrage. EPCOR can NOT be allowed to implement consolidated rates. This action will undoubtedly result in many seniors having to sell, or otherwise lose their homes. It is a brazen move to simplify their billing process and reduce the rate outrage of other communities at the expense of Sun City and Sun City West. We do not live in a Communist Country or State. There is no reasonable cause for rate leveling. We do not endorse taking from the poor to give to the rich. When people decide to purchase a home, it is up to them to do their homework regarding all facets of on-going living expenses. We did. That is why we chose Sun City over all other communities to purchase our home. Do NOT allow EPCOR to screw the senior citizens of this state.
