Company: Clear Springs Utility Company, Inc.

Division: Water

Nature Of Opinion

Docket Number: W-01689A-16-0187

Docket Position: Against

Clear Springs Utility, Inc. is proposing to increase the water rates for the residents of Sunsites, Arizona by 85% to 120%, which is an undue burden that most residents of our community cannot reasonably afford. It is outrageous that a "private company" can take advantage of a poor community such as ours. This is blatant usury. There are only 529 homes in our small community, and of these approximately 130 homes are vacant. The majority of the homeowners here are on very small fixed incomes. In our household of two adults, for example, we live on only \$18,500 a year. There wasn't a raise in COLA for 2016 for those of us on Social Security, yet Clear Springs Utility, Inc. plans on increasing our water rates by 85% to 120%? This is unjust and our state government should not allow its citizens to be taken advantage of by private companies. Please look into this matter and help our community fight against Clear Springs Utility's unjust proposal of increasing our water rates beyond means that we can afford. Thank you, Jodine Sackmann
