Docket Number:	Position:
WS-01303A-16-0145	Against

Docket Description:
In the matter of the application of Epcor Water Arizona Inc. for determination of the current fair value of its utility plant and property and for increases/decreases in its rates and charges based thereon for utility service by its Agua Fria, Anthem, Mohave, Sun City, and Sun City West wastewater districts and for consideration of consolidation and de-consolidation proposals.

Opinion:
Dear Commissioner Doug Little: My wife and I are Youngtown residents since 1988 and can not afford the Sewer Full-Consolidation scheme that our EPCOR Water Company is proposing. As retired military, I am on a fixed income; at 79 years of age I am not physically able to reenter the work force - I am at whits end! Our recent Cost-of-Living increase was ZERO and next years increase of 0.2% does not even cover the monthly MEDICARE increase promised us. My family had to give up cable TV for rabbit ears as a cost saving measure. Please vote against the EPCOR Full-Consolidation plan. Manfred Jacke

Opinion:
I feel it is very unfair to combine the older, long-time paying water districts (Sun City West and Sun City and Youngtown) with the newer ones. We have paid into Reserves for years; the newer district people on the whole have much larger and expensive houses and should have looked into the water rates before purchasing and complaining. I am a single widow with a limited income and much lower cost house and lower sewage requirement.

Docket Description:

Opinion:
I strongly object to EPCOR's full consolidation of the EPCOR wastewater districts. For Sun City and Sun City West, Del Webb built the wastewater systems and buyers paid for the facilities with our purchase price. Other communities may have had septic systems originally, and added wastewater facilities years after the community build-out. EPCOR knew or lawyers should have known when EPCOR purchased this company that each community had separate districts in place with separate cost structures. To change the rules now is unacceptable. A rate increase based on operating cost for individual districts should be the only item on the agenda.

Opinion:

As an EPCOR ratepayer and a Sun City West resident, I strongly object to EPCOR's recommendation for full consolidation of the EPCO wastewater districts, EPCOR shows their cost of service for our district to be approx. \$25.00 per month and the consolidation rate would be \$40.00 or more. This is an unacceptable increase in any retirement community and district. We should not be forced to subsidize the other districts that still have continual growth with new rate payers to differ the cost. We still live in the USA, after all.
