Nature Of Opinion

Docket Number: WS-01303A-16-0145 Docket Position: Against

If EPCOR is going to truly consolidate its five(5) water districts then all expenses should be shared equally and not broken down by each district and with each district picking up their own percentage of the expenses. If their consolidation appears to favor certain districts then each district should find other solutions! Consolidation doesn't mean that certain districts should pick up other districts responsibilities. If consolidation creates a larger pool of customers then future infra-structure improvements can and should be shared for the betterment of all.
