This is in regards to Amy/Amanda McInteer: WS-02987A-16-0275 After reading Amanda McInteer Simpson's story, I was completely shocked that this situation has deteriorated to this point. How is this even legal? I hope the Corporation Commission will do the right thing for the people living in this community. This is completely unacceptable. Water is needed to survive. At the very least the stand pipe needs to be re-opened. There is just no excuse for this. And how did they pick and choose who they ran the water lines to? The whole situation seems completely illegal. I recently had friends looking for a property and advised them NOT to purchase anywhere Johnson Utilities was in charge of water. Please do the right thing and make Johnson Utilities accountable. I will be watching, and I will be voting. Sincerely, Judith C Cartwright
