**From:** Greg Darland [mailto:gtd@darlandmail.com]  
**Sent:** Monday, August 15, 2016 4:26 PM  
**To:** Utilities Div - Mailbox <UtilitiesDiv@azcc.gov>  
**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Greg Darland

We in AZ need solar. It should be made affordable to all. Tired of utility companies making decisions they shouldn't. Protect the consumers rights. Make it affordable to all Arizonans.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Laura Dore

Arizona should be a strong player in the solar industry. And we need the solar jobs, which range from manufacturing to installation and maintenance, with roll-on benefits to the building, construction, and transportation trades.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**To:** Utilities Div - Mailbox <UtilitiesDiv@azcc.gov>  
**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Marvin Lester  
PO Box 1034  
Littlefield, AZ 86432

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Dear Arizona Corporation Commission,

I was one of the callers. Retired, fixed income trying to manage costs as medical, real estate taxes and most other expenses increase. A solar install using a fixed lease that provides 85% or more of our electricity needs would be one huge cost savings long term for us as well as provide the grid the extra capacity it needs during the peak summer daytimes. If we combine that with one or two tesla power walls, we might be almost entirely off the grid.

I hope your efforts are to look after getting our demand for non-renewable power lessened while lowering our total costs.

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to me during your last broadcast session.

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Especially in this era where the power grid is vulnerable and traditional energy is harmful to the environment and probably to health it seems foolish to try to deliberately suppress clean energy. There will soon be storage available for solar energy and too many obstructions will only encourage people to leave the grid totally.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Janet Schieber  
157 N French Dr  
Prescott, AZ 86303

I was going to vote straight Democrat Corporation Commissioners because the theory was that the GOP and APS were in bed with each other. Now I think maybe not. Thanks for thinking about solar customers for a change.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Carol Blitstein

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents. Now help us for those that are using SRP.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,  
Wyndi Austin  
3227 E Park Ave  
Gilbert, AZ 85234

Dear Arizona Corporation Commission,

You don't think that they are "putting it off until after the election?" We don't know "who" we can or can not trust! Most of our Commissioners have been for the private companies instead of the common citizen! I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

A personal note: Thank you for giving Solar a fighting chance. Looking at ALL the facts prior to making such an important decision is only prudent.

Well Done!

Dave Fleuret  
Casa Grande AZ, 85122

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents. Each power source should be charged by its own cost. Charges should not be given to one source at the detriment of another.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents. When electrical customers put up their own money to install systems to help lower their bill and reduce the total load on the electrical grid, it is not to help the electric companies make even more money

. They already get enough by charging these folks retail rates and in turn paying them wholesale rates for their production. These companies purchase at wholesale rates from each other all the time and there are no demand charges added to those transactions.

This state should be doing everything we can to place solar power everywhere possible and let the sun benefit those that participate. I still don't understand why power companies partner up with schools, businesses, etc. to put solar on all of their roofs and let them have free power and the power companies can have the rest...go figure....

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Regards,

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

The UNSE benefits from solar, but they are thankless. Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the Trico proposal to eliminate net metering!

Dear Arizona Corporation Commission,

As a Trico Electric Cooperative member, I write today to urge you to reject the rate design settlement agreement proposed by Trico and ACC Staff in docket number E-01461A-15-0363.

Trico and Staff's attempt to reduce the value that distributed generation customers receive is not based on any plausible evidence. Until a certified, third-party study has been conducted in the state of Arizona to quantify the costs and benefits that net metered rooftop solar provides to all rate payers, no changes to net metering policy should be made. Net metering is a simple and effective billing mechanism that creates jobs, reduces strain on our aging electrical infrastructure, and allows customers to obtain energy choice and independence. Recently in California, net metered rooftop solar helped ratepayers avoid building over \$192 million in new transmission and distribution infrastructure. Please protect the right of all Trico customers and Arizonans to go solar and provide the added benefit of reducing costs for everyone.

Additionally, the mandatory fixed fee increase for all cooperative members is substantial and will reduce the ability of all Trico members to reduce their electric bills through more efficient consumption. Trico's proposal for a \$0 demand charge is untested and should not be approved. This rate design will result in future demand charges that are unpredictable, difficult to understand, and will discourage customers from conserving energy and investing in energy efficient technologies and solar.

Please reject Trico and ACC Staff's joint settlement proposal, docket number E-01461A-15-0363.

Thank you.

**Subject:** Reject the APS attack on consumers

Dear Commissioners Arizona Corporation Commission,

As an Arizona ratepayer, I am deeply troubled by the extreme proposal submitted by APS in docket E-01345A-16-0036.

The proposal to move over a million customers onto mandatory demand charges is unprecedented and will require customers to constantly monitor their energy use out of fear of exorbitant charges.

Further, consumers have no way to determine when these surge prices are triggered.

The elimination of net metering is intended to penalize customers who intend to make substantial private investments to reduce energy and contribute to more resilient Arizona energy future. This would mean the loss of thousands of jobs in addition to consumer choice, and is a brazen attempt by a monopoly utility to eliminate free market competition.

I call on you to reject this proposal, and any other that seeks to impose discriminatory charges on ratepayers to pad monopoly utility profits. Arizona residents will be watching your actions on this issue.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents. As a citizen of Arizona and a solar panel owner, I find it unconscionable and short-sighted for electrical utilities to alter their rate structures to enrich themselves in such a way as to adversely impact the overall payback benefit to prospective solar panel users.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

I wish to thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

As a retired individual living on a fixed income and solar owner, it would be difficult to take on anymore expenses than I currently have.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

We ought to be the LEADER in distributed solar in the whole country! Demand charges and penalties for rooftop solar customers will only punish solar customers and discourage solar progress. Massive solar installations are vulnerable to terrorism. Rooftop solar is secure.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

Thank you again for listening to the people of Arizona. Thank you Andy Tobin for understanding Climate Science and the need for Climate Reality. It sounded like from the article I read yesterday that several ACC Contestants and Incumbents are confused on that very topic. From Penn State's Professor Richard Alley Earth: The Operator's Manual the 2.5 minute "Flavors of CO2" . This really helps me explain this portion.

"It's Just the Volcanoes..."

<http://earththeoperatorsmanual.com/main-video/how-to-talk-to-an-ostrich>

And No, I do not think you all are Ostriches at all...that is what Professor Alley named this segment as about 10% of America is still stone cold denying climate science...

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.

I hope the ACC continues to support solar and maintain policies that provide solar choice and allow the solar industry to do business and create jobs in our state.

Thank you again for listening to the people of Arizona.

**Subject:** Reject the UNS proposal to eliminate net metering!

Dear Arizona Corporation Commission,

Thank you for your decision on solar power and deciding to look into what is really going on. I know that we don't want to pay more than we already do, as that is why we got into solar in the first place, but I also realize that the power companies may need some help to stay in business. All I have wanted from the start was someone to use common sense. I don't really know what the power companies need because I don't think they really tell us everything, but why put all of the burden on one group...

Thank you for supporting energy choice in Arizona by rejecting confusing and unfair new rate schemes proposed by UNSE (Docket E-04204A-15-0142). The UNSE proposal was a dramatic departure from the progress Arizona has made in creating new, affordable choices for residents.
