Nature Of Opinion

Docket Number: E-01933A-15-0322 Docket Position: Against

The rate increase of the customer charge from \$10 to \$17 is an unreasonable increase. It makes no sense to charge everyone that large an increase. Charge those that use more energy if any increase is necessary. I am on a fixed income. I have a small (400 sq ft.) guest house space next to my garage and I get a separate hook up charge of \$10 each month also for that small unit. With this increase, I would have to pay \$34 each month before I turn a light on instead of the \$20 I already pay. This is a very large percentage of my bill and unfair. If rates need to go up due to the cost, charge for usage based on amount used. I try to conserve energy but as the fixed rate of my bill goes up I have less incentive to conserve. Douglas & Tresa Reed . Tucson AZ 85719
