Subject: Docket# E-00000J-14-0023 - Rooftop solar benefits

Dear Arizona Corporation Commission,

Don't kill solar in Arizona. My family lives off the income I earn in the solar industry. Recently while flying into Phoenix from Colorado as I looked at the tops of homes and noticed there are hardly any with solar in comparison to those without. Arizona could lead the country in electricity production from solar energy. Let's been known for that. Not for being another Nevada who killed it. We need more compassion in government and regulation. I pray that you will make the right decision in keeping solar alive in Arizona.

Regards,

Lenoir Menzes
