Subject: E-01933A-15-0322 - I oppose TEP's demand charge and elimination of nem

Dear Arizona Corporation Commission,

As a small business owner I understand market competition, but electric companies do not, nor have they ever had to due to their monopolies. They fear the competitive threat of alternative solutions resulting in financial penalties for consumers in order to protect their special interests instead of embracing the change for the good of all humanity. Their desire to continue to burn coal and fossil fuels in order to continue to damage our environment is absurd and they are standing in the way of our free market economy. Please stop these demand charges and demand that the electric companies find other means to become free market providers.

Regards,
Michael Greenberg
5651 N 79th St
