RE: Request for changes of name for Acme Water Company's system

W-20809A-

Please accept this letter as a request change the creation of 4 separate Limited Liability Companies for Acme Water Company's 4 Public Water Systems. There is no change of ownership.

Having separate LLCs for the different PWSs will make simplify accounting and allow for an easier divestiture of a system if an interim manager is appointed for one of the systems or if one of the systems is acquired by a different entity.

I propose to have the following LLCs:

Acme Water Company – Thunderbird Meadows, LLC
Acme Water Company – Dells, LLC
Acme Water Company – Yavapai Mobile Home Estates, LLC
Acme Water Company – Blue Hills #3, LLC

Cordially,

Jim West
Manager
Acme Water Company
