BACKGROUND

On February 14, 2017, UNS Electric, Inc. ("UNS") and Mohave Electric Cooperative, Incorporated ("MEC") filed a Joint Application and Borderline Agreement ("Joint Application") for MEC to provide electric service to residential customers, Mr. and Mrs. Victor Van Houten (collectively "Customer"), located at 13075 East Marble Drive, Kingman, Arizona ("Van Houten property").

The Van Houten property is located within UNS's certificated territory. According to the Joint Application, the Van Houten property is located approximately 4,000 feet from UNS's facilities, and the estimated cost to establish the requested single-phase service is \$65,000. Alternatively, MEC is located in very close proximity to the Van Houten property, and the cost to extend service is \$11,500. MEC is willing to provide electric service to the Van Houten property

THE COMMISSION March 22, 2017 Page 2

subject to: 1) Customer executing a non-member application for service; 2) Customer paying all costs for the upgrade of MEC's existing facilities necessary to enable MEC to provide the requested service; 3) Customer securing any and all easements and permits associated with MEC's provision of such service; and 4) Customer paying all applicable deposits, fees, rates and charges associated with the requested class of service approved by the Arizona Corporation Commission ("Commission") for MEC's retail customers.

In the event MEC intends to permanently cease providing power to the Van Houten property, MEC will: 1) provide UNS and the Customer written notice of not less than 90 calendar days prior to ceasing power to the Customer; and 2) coordinate with UNS the exchange of service at no cost to UNS.

STAFF ANALYSIS AND RECOMMENDATIONS

Staff believes that the Borderline Agreement between UNS and MEC is a reasonable solution to allow extension of electric service to the Van Houten property and is in the public interest. Therefore, Staff recommends the Commission approve the Borderline Agreement between UNS and MEC.

In addition, Staff recommends that MEC be required to notify the Commission prior to exercising its right to provide service to the Van Houten property.

Staff further recommends that the Commission specify in its Order that approval of the Borderline Agreement at this time does not guarantee any future ratemaking treatment of the Borderline Agreement between UNS and MEC.
