DOCKET No. E-01345A-18-0002

**RESPONSE TO PROCEDURAL
ORDER REGARDING CONSENT TO
EMAIL SERVICE BY STACEY
CHAMPION ON BEHALF OF
HERSELF AND PETITION
SIGNATORIES AND REQUEST TO
BE RECOGNIZED AS
REPRESENTATIVE**

IN THE MATTER OF THE FORMAL COMPLAINT
AGAINST ARIZONA PUBLIC SERVICE
COMPANY FILED BY STACEY CHAMPION AND
OTHER ARIZONA PUBLIC SERVICE COMPANY
CUSTOMERS.

On January 3, 2018, Stacey Champion filed a formal Complaint against Arizona Public Service Company ("APS") with the Arizona Corporation Commission ("Commission"). The Complaint, which was submitted in the form of a Change.org petition, had Stacey Champion's name along with the names of 425 additional (assumed) APS customers who had signed the petition prior to the time the Complaint was filed. As of this day, January 26, 2018, 1,499 people have signed the petition which states: "We, the customers of APS, demand a rate hike rehearing." A full list of current signatories is attached as **EXHIBIT 1**. A full list of comments received on the petition (thus far) is attached as **EXHIBIT 2**.

A.R.S. 40-246 states in part: "*Complaint may be made by the commission of its own motion, or by any person or association of persons by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public service corporation in violation, or claimed to be in violation, of any provision of law or any order or rule of the commission, but no complaint shall be entertained by the commission, except upon its own motion, as to the*

1 *reasonableness of any rates or charges of any gas, electrical, water or telephone corporation,*
2 *unless it is signed by the mayor or a majority of the legislative body of the city or town within*
3 *which the alleged violation occurred, or by not less than twenty-five consumers or*
4 ***purchasers, or prospective consumers or purchasers, of the service.***” (Emphasis added.)

5 Though hundreds of petition signatures do include City, State and zip code, in response to
6 questions as to whether or not petition signatories 1) are indeed APS customers, and 2) wish to
7 participate as parties, Stacey Champion is attaching 115 verified APS customers with the
8 mailing addresses provided who have verified their intent to be parties to this case, and which
9 exceeds the 25 signatures needed per A.R.S. 40-246. These additional parties are attached as

10 **EXHIBIT 3.**

11
12 Because there will likely be many additional parties to this complaint, these parties live
13 all across the state, including rural areas, many of these parties may be seniors, on disability,
14 single mothers, or others who don't have the ability to easily file their own complaints under this
15 docket, not to mention the unnecessary environmental burden of hundreds of people needing to
16 print 13 copies that will basically say the same thing, Stacey Champion requests the following:

17 Pursuant to Corporation Commission Rule 14-3-104C, which states: “*Designation of*
18 *classes, parties. When two or more parties have substantially like interests and positions, the*
19 *presiding officer may declare them a class of parties present and appearing for purposes of the*
20 *hearing.*” Stacey Champion would like to be designated as the Representative for the nearly
21 1500 (assumed) APS customers who have thus far signed the Complaint against APS with the
22 clear intent of asking for a rate hike rehearing due to the numerous unanswered questions, lack
23 of transparency surrounding the new rate plans, and increases above the stated 4.5% average bill
24 increase for potentially thousands of APS customers across the state (and which may also be
25 read within the comments of Exhibit 2) and which may be further increased by the recent \$70
26 MILLION rate hike request (also previously approved without a set dollar amount in the August
27 rate hike by Complainant's understanding) by APS for pollution control measures at the New
28 Mexico power plant. Many APS customers also believe their bills will increase dramatically

1 once they choose and/or have APS choose for them, the new rate plans that include extended
2 peak hours, higher cost off-peak hours, and with the lengthening of our cooling season due to
3 record-breaking temperatures seen year after year due to climate change and urban heat island
4 effect which affects nighttime temperatures (not decreasing) as can be seen by analyzing
5 weather data here in Arizona (especially in our urban cores).

6
7 Though we, Stacey Champion and 1499 signatories, are not currently represented by an
8 attorney in this matter, we would hope our Complaint be taken as seriously as it would be if we
9 were represented in this matter, or what relief or remedy could otherwise be found by A.R.S. 40-
10 246. There is also the potential for securing an attorney for all interested parties to this
11 Complaint.

12
13
14 RELIEF REQUESTED

- 15 (1) Accept 115 verified APS customers with the mailing addresses provided as parties to
16 this Docket No. E-01345A-18-0002.
17 (2) Accept Stacey Champion as the named Representative for all APS complaint petition
18 signatories moving forward.
19 (3) A complete rehearing of APS Docket 16-0036.
20 (4) Other and further relief that may be deemed appropriate in this matter.

23 Dated:  January 2018

Respectfully submitted by,

Stacey Champion, Complainant

EXHIBIT 2

Name	City	State	Postal Code	Country	Commented Date	Comment
Stacey Champion	Phoenix	AZ	85012	US	12/14/2017	It is time for the publicly elected Arizona Corporation Commissioners to put the best interests of the people before a large utility monopoly. This rate hike is hurting our most vulnerable population. Forcing people to choose between electricity and food or other basic essentials is NOT okay.
Steven Corcoran	Phoenix	AZ	85013	US	12/14/2017	I am an APS customer, and my December bill shows an increase of nearly 20% over last year with no change in usage.
Clarisa Valenzuela	Phoenix	AZ	85007	US	12/14/2017	I believe necessities like electricity should be affordable for all.
Susan Hardiman	Phoenix	AZ	85006	US	12/14/2017	I cannot afford these rate hikes. You should be finding ways to save your customers money!
Susan Hardiman	Phoenix	AZ	85006	US	12/14/2017	Please be a champion for our rights!
Rebecca Brittain	Phoenix	AZ	85006	US	12/14/2017	Unless there is a raise in wages the average person cannot afford these rate hikes.
Joseph Grether	Phoenix	AZ	85006	US	12/14/2017	This is outrageous.
Tamira Burns	Phoenix	AZ	85006	US	12/14/2017	APS has not shown need for another rate hike. The costs to the customers are already way beyond what SRP charges, and they are diversifying too. This is pure greed, when we have no tangible progress into renewable resources being made by APS to offset costs.
Joday McNeal	Phoenix	AZ	85006	US	12/14/2017	Hold a hearing in regards to the proposed rate hike so those you serve can weight in facts and get majority input before the final discession of how much of an increase would be suitable for all effected.
Brandon Salaz	Phoenix	AZ	85021	US	12/14/2017	This is how we pop our whole economy
Mari Giddings	Phoenix	AZ	85003	US	12/14/2017	Why the rate hike?This sucks!
Dylan Fleisch	Tempe	AZ	85281	US	12/14/2017	This is highway robbery
KRISTY METZGER	Phoenix	AZ	85042	US	12/14/2017	I can hardly afford my electricity anymore.
Lindsay Robinson	Phoenix	AZ	85003	US	12/14/2017	Arizona residents and APS customers deserve transparency, accountability, and reasonable rates.
Joe Sandoval	Phoenix	AZ	85006	US	12/14/2017	NO RATE HIKES
Ute Poole	Phoenix	AZ	85013	US	12/14/2017	Cut out the pork spending and give us a break. The service hasn't changed and existing customers shouldn't have to pay for the influx of new residents! Let them pay!
laura flores	phoenix	AZ	85006	US	12/14/2017	I'm an APS customer
Allyson Damon	Prescott	AZ	86305	US	12/14/2017	This new plan just doesn't make sense. I've been an APS customer since the early 1970s. Give me a break.

marilyn szabo	Phoenix	AZ	85007	US	12/15/2017	I hate aps
Marquette White	Mesa	AZ	85215	US	12/15/2017	This rate hike is really unfair to consumers. We need the Corporation Commission act independently and protect people and families in Arizona.
Raneka Lewis	Glendale	AZ	85307	US	12/15/2017	They are thieves....They are charging us for solar energy that they get for free. Someone need to shut them down.

FREDERICK DAVIS	Litchfield Park	AZ	85340	US	12/15/2017	I have attended meetings the last three years and listened to multiple arguments from both sides. At no point could I determine the necessity for the APS rate hike!
Joshua Briese	Phoenix	AZ	85016	US	12/15/2017	Are we able to also add the time advantage changes from 12-7pm going to 3-8pm? This is going to push families out further who wait for peak hours to end to bath children, wash clothes, cook dinner, use the A/C and heat, etc. We want to keep it 12-7 or at least 3-7. APS argues that 7pm is their biggest demand which is why they are changing it to 8. It is pretty obvious why 7pm is their biggest demand. Also, most families are not home from 12-3 anyways so it doesn't matter. 3 is when people get home from work and school. More money in the corporations pockets.
Joshua Briese	Phoenix	AZ	85016	US	12/15/2017	Lets get this petition to add changing the time advantage from 12-7 to 3-8. This is going to create more of a hardship for low income families and families who are trying save money.
Lisa Bromfield	Phoenix	AZ	85007	US	12/15/2017	This rate increase and change of plans is unfair. Peak times are being changed to 3-8 which is the highest usage for air conditioning!
Tammy Shaw	Phoenix	AZ	85004	US	12/15/2017	What really bothers me the most, is that we as customers, don't have the right to choose our electric company. Therefore, they get away with hikes with have no consequences because we have no choice. Imagine if we did.
Maggie Leach	Phoenix	AZ	85012	US	12/16/2017	This is an unjust rate hike!
Dan pochoda	Phoenix	AZ	85006	US	12/16/2017	The Corp. Commission is no longer an independent body; now beholden to monied interests most prominently the entity it allegedly regulates & supposedly checks on behalf of now effectively unrepresented consumers.
janet agardy	Scottsdale	AZ	85251	US	12/16/2017	I am signing because, Palo Verde gives, yes gives as in free, electricity to APS all night long. And then sells the energy that they are generating to California during the day. The power plant is owned by Pinnacle West, who also owns APS. Enough already.
Katherine Coles	Phoenix	AZ	85007	US	12/16/2017	Transparency is good.
JoAnn Roskoski	Phoenix	AZ	85014	US	12/16/2017	We have no choice in who provides our electricity. They can do whatever they want, charge whatever they want and we either pay or have nothing. People have died because they could not afford electricity in the summer. Shame on you APS!

Jillian Newman	Phoenix	AZ	85016	US	12/17/2017	My bill is already significantly higher than it would be if I was able to choose SRP as my service provider.

Cynthia Lee	Phoenix	AZ	85013	US	12/18/2017	I had SRP for 26 years and was happy. APS you're more expensive!!!
Tammy Dane	Scottsdale	AZ	85251	US	12/19/2017	My APS bill is almost double. Please look into their slush fund...
kelley karnes	phoenix	AZ	85003	US	12/19/2017	This is bullshit.
Carolyn Watson-Dubisch	San Diego	CA	92108	US	12/20/2017	I live in Phoenix now and pay as much as I can afford in electricity already.
Pearl Pope	Phoenix	AZ	85023	US	12/20/2017	Take a look at your bill. There are numerous fees, albeit small amounts that have vague descriptions of exactly what it is that we are paying for. Multiply that by the number of customers on APS and it amounts to hundreds of thousands of dollars every month ! I asked about the billing service and company on my bill. I was told that there was no alternatives to those charges.
Janet Romero	Scottsdale	AZ	85251	US	12/21/2017	Tired of year after year of rate hikes. The excuse is always the same. Arizona needs more options then just aps, srp is limited to your area. Solar panels should be the way to go, but even then aps does what ever they can to cut out better options.

Donald Elson	Surprise	AZ	85379	US	12/23/2017	Live in Glendale and the cost of electricity has gotten worse and worse over the years. Remember when the summer bill on our house was in the 300-400 dollar range, now it is usually 500-600 dollar range. We have no choice who we get a energy from, your either in an SRP neighborhood or an APS one. Something needs to change. Got a letter the other day we need to change too a new plan. The old one we've been grandfathered in for years is going away. Went and looked at their rates for new plans, \$711 dollars a month, not including any taxes or fees. Of course my math may be off. They seem to make it as difficult as possible to understand what you are paying.
Sheryl Bailey	Glendale	AZ	85308	US	12/24/2017	I can't afford to heat or air condition my home with three pets.
Jane Bermijo	Phoenix	AZ	85027	US	12/24/2017	Remember this during the next election cycle!
Sheldon Heckman	Phoenix	AZ	85043	US	12/27/2017	I would like to know who is only getting a 4.5% or \$6.00 per month increase? If you take the \$6.00 and divide it by the 4.5% you get an average monthly bill of \$133.33. My average monthly bill for the past year was \$148.13 so if I multiply this amount by the 4.5% my bill should only increase by \$6.67 per month. I went back one year (Nov 2016 - Oct 2017) and researched my ON & OFF Peak Hours for the new 3pm - 8pm ON Peak usage during this 1 year period and applied my usage to 4 of the new plans I have to pick from before May 1, 2018. Of the 4 plans the "Saver Choice Max" plan is my least costly plan (based upon my past usage) with a 17.30% or average monthly increase of \$25.63 per month. This is a very complicated plan as you have to watch how many kW's you use during any one hour of the ON Peak time and other fees, such as "Demand Charge", are calculated off this usage. When I ran APS's "Service Plan Compare" it said my increase under the "Saver Choice Max" would
Patricia Bassi	Camp Verde	AZ	86322	US	12/28/2017	I am a low income customer and the reasoning behind APS dropping the tiered rate of discounts for customers who conserve, makes no sense. I am now using less electricity but paying more. I am forced to use a smart meter. There is no service, no choices, and it seems no one out there for the low income segment of the population. This rate hike has force more people to beg for help from the NACOG assorted assistance programs, which ensures there survival which is what was lobbied for in mediation. Thus you take from the low income and then give to the assistance programs and the end result is more dependency.
Eddie S. Maddock	Sedona	AZ	86336	US	12/28/2017	Sick of the double talk and unjustified rip-off. ENOUGH!
marsha Adams	Sedona	AZ	86336	US	12/28/2017	According to some employees APS wastes \$ on non-essential equipment and passes the expense on to consumers. Double billing meter reading charges is unethical and punitive since electrical bills have not reflected any savings from not paying meter readers.

Geoffrey Sheinin	Peoria		85382	US	1/3/2018	My electric bill is already too costly for someone on a fixed income
Melissa Yoder	Litchfield Park	AZ	85340	US	1/4/2018	I'm an APS customer and I don't appreciate a completely unwarranted rate hike! Stop gouging us just because we don't have a choice of where to buy our electricity.
Marilyn Bellincampi	Scottsdale	AZ	85258	US	1/5/2018	I'm signing because I need electric and cannot afford it. I live on a tight budget and my Social Security is not enough to pay all these rising utilities. The people that are the CEO's and CFO's don't have a problem like this. They make so much money that they don't realize that there are people who don't.
Mary Rose Valenti	Scottsdale	AZ	85258	US	1/5/2018	The increases are outrageous!
Patricia Fuller				US	1/5/2018	They rent services trucks at astronomical prices instead of buying and maintaining which would be cheaper in the long run. I don't like the monopoly of areas they have. I firmly believe thus us just another padding of the pocket move
Steve Ann Carefree	AZ	85377	US	1/5/2018	This is just to stop solar on residential and keep the profits up for the company thru bad reasoning. A solar powered house would not need a increase in grid spending.	
Jacob Wozniak	Scottsdale	AZ	85250	US	1/5/2018	I love how they also double off-peak rates for the new 3-8pm peak hours. We super-cool our house for the intended purpose of using as little peak usage as possible, as well as keep our bills down. So how does DOUBLING off-peak rates align with their intended goal of keeping more folks from using power during peak hours??

Mick Darcey	Sun City	AZ	85351	US	1/5/2018	New plan does not have incentive to conserve. Also the minimums for basic service are way too high and too many fees. This is a major penalty for customers who have basic needs and no air conditioning and use utility NG for heating and cooking.
Charlene Reeder	Simi Valley	CA	93065	US	1/5/2018	We have no other options. This is a monopoly.

Mike Reynolds	Avondale	AZ	85392	US	1/6/2018	APS is getting greedy, plain & simple. I've asked APS why rates keep going up. I got two different answers from them: (1) We need to increase rates because people are using less energy from us. They're going solar, so we need to recoup the income we normally would have gotten from them. (2) We need to increase rates because people are using more energy than ever before. HA! The APS customer is damned if we do and damned if we don't!

Iris Finkelstein	SCOTTSDALE	AZ	85254	US	1/6/2018	The rate hike is outrageous, not necessary and even with a new plan my rates will go sky high even if I don't use more power which is just wrong. Pay for your infrastructure upgrades yourself, you make all the money not the people you are pushing the hike on to.

Cindy Honea	Queen Creek	AZ	85140	US	1/6/2018	The rate hike is ridiculously high.
Jim Carpenter				US	1/6/2018	I believe APS misrepresented the data in the rate hike approval process.
Callie Parks	Scottsdale	AZ	85254	US	1/6/2018	No, to any more rate hikes!!!
Aba Wagen	Scottsdale	AZ	85255	US	1/6/2018	The rate hike is at least 8% in my case. APS has taken advantage of the Commission's Decision and is gauging its customers by over-charging.
Marshall Hines	Scottsdale	AZ	85254	US	1/6/2018	We already pay way too much for electricity. I understand the need to have a profitable corporation. But, how about cutting the outrageous salaries of the Pinnacle West board of directors? That would save a lot of money. How about having solar customers actually pay for the distribution network they depend on (just like non-solar customers do)? Please take a long look at all options, rather than assuming that customers are an endless supply of funding?
dyane weltPhx	AZ	85029	US	1/6/2018		my electric bill has increased by at least half (i.e. normal winter bill is \$50 something & this year it's been min. \$97, last month it was \$156.). i am one person (a teacher) & gone for 10+ hours a day w/ my air set @ 85 degrees. my off peak usage is over 50% every month (has been for 15+ years) and i'm using less now than ever. APS is taking advantage of it's customers! they have money for a new logo, they have money to lobby commissioners, while the public is held hostage and they make a profit. hold them accountable!
Andy Ross	Casa Grande	AZ	85122	US	1/6/2018	Rate hikes like this are unacceptable. Keep your average consumer in mind. On a teachers salary, I often have to choose what bills will be paid. As a diabetic, I need my electricity.

Mark Wessinger	Phoenix	AZ	85016	US	1/7/2018	My bill has been \$20-30 more this winter and we are using less power. APS like most corporations just wants to get their hand in your pocket. Smart meters and rate hikes have made a significant increase to all of our electric bills. Crooks..that's all they are!
JoAnn Settle	Goodyear	AZ	85338	US	1/7/2018	Our bill went up \$50.00 a month and this is NOT summer when air conditioner is running. Also new APS plan hasn't even gone into effect yet. What will it be like then?
Natalie Lindsey	Scottsdale	AZ	85254	US	1/7/2018	There is nothing good about this rate hike.No matter which plan you choose you lose.I can't tell you how Long I wait until 7pm to turn on the AC now I have to wait until 8 no way!!!

Pamela Vozza	Phoenix	AZ	85014	US	1/7/2018	I went from a mo bill of \$131 to over \$500 on a fixed rate plan. WTF?!
Robert Jackson	Casa Grande	AZ	85122	US	1/7/2018	APS has a monopoly on the utility and people have no choice, regardless of what the company decides to charge. APS Utility service has become unaffordable, even with solar options.
Mary Crocker	phoenix	AZ	85007	US	1/7/2018	I have been struggling to keep the electricity on as it is. Our bill is over 300 a month during summer in a rented one bedroom house with the thermostat at 78- after the low income family discount. Let's work on raising minimum wage to a living wage before y'all try to pull this sneaky stuff again. If we weren't all struggling, we wouldn't be complaining. Please reconsider.

Rocki Adams Peoria AZ 85382 US 1/8/2018 My bill is MUCH higher than the "around \$6.00 or so" that APS stated. There are just 2 adults in our home and we conserve energy in a variety of ways, but with this current rate hike (and the upcoming new plans) it is making it very difficult. I've disliked (to put it mildly) APS for years... now even more so.

JoAnn Roskoski Phoenix AZ 85014 US 1/8/2018 We don't get a choice of companies for our electric power so APS thinks they can charge whatever they want.

Elisa Moreno Sun City AZ 85373 US 1/9/2018 This some BS

Myesha Miller Bluefield WV 24701 US 1/9/2018 It's ridiculous how there doing "us" the people. There getting away with this because there the only Light Company in our area. They have No competitors so they feel like they can charge us what they want. And we must pay or Beckley without Electricity. It's very saddening. The same thing happened last year around this time

Rebecca dillard US 1/9/2018 We are a family of 8 and have a hard enough time making ends meet just raising 6 children. We don't qualify for Any help with APS because "we make too much"and now they increase the rates as well?

Diane devlin Scottsdale AZ 85254 US 1/10/2018 my bills are astronomical

Deborah Markle Glendale AZ 85301 US 1/10/2018 I am on a fixed income and was already struggling to make ends meet. The APS hike is making that challenge much more difficult. I'm in more fear of being homeless, as my rent has gone up as well. The rate hike is much more than what APS said it would be. It's outrageous, but especially for people who are on disability and/ or are on Social Security- all low income people in our society. While I have read, online, that Robert E Brandt, the president of APS, makes 1 million dollars per month! It's disgustingly sad and anger provoking. APS also changed the low income discount plan to a flat rate of 25% discount rather than the percent being based on usage. I was already forced to be extremely frugal with the energy I use that Summers were tough for me and I had to suffer through them, but that would allow my discount a much higher percent which made it better for me financially. However, now that has all changed and I no longer have that as an option so I must now suffer through the Summers for a flat disc

Barrett Coughlin US 1/10/2018 My electric bill runs on average of \$700 monthly. We keep our air at 80-heat at 73. Considering Don Brandt the CEO collected over \$11 million last year as a salary, it's offensive. SRP's CEO makes \$1 million. Anything wrong with this picture? What ever happened to the FBI investigation regarding political spending/misconduct? Come on already.

gena johnson Glendale AZ 85308 US 1/10/2018 This has hurt my family as money is already tight. I understand there were record profits last year. This just isn't fair tot he average middle income family.

Joanne Daloise Glendale AZ 85308 US 1/12/2018 My hike was \$40 not the advertised \$6 same usage.

richard gayer Phoenix AZ 85003 US 1/12/2018 I hope Ryan R is correct about a "rehearing". The statute Statute cited in Stacey's Petition, 40-246, never uses the word "rehearing". The AzCC has labelled the Petition as a "Formal Complaint" and has given it a new and different number, Docket 18-0002. A dirty trick! We need an attorney with expertise on the AzCC's dealings with public utilities like APS. I believe that APS has violated the Arizona Consumer Fraud Statute, ARS 44-1521 and following sections, especially 44-1522. "Services" are covered by this statute. The fraud, deception and secrecy by APS lulled customers into a false sense of security, so that they did not participate in the rate case and did not seek a rehearing in that case because they were lied to by APS and told that the increases would be under 5% and \$6. Arizona statutes are available at azleg.gov under the "Legislative Council" pull-down. My telephone number is 602-229-8954. Email rgayer@cox.net 0

Mike Nassar Glendale AZ 85308 US 1/12/2018 We have lived in the same home for 10 years. with an average to low electric usage. I have replaced all lamps and luminaires with LED, added computer soft start to heat pump, programmable thermostat and replaced all appliances with energy star and our bill has continued to rise each and every year with an approximately 120.00 increase over the 10 years period. They cannot explain the increase in energy use but I believe the meter is faulty or rigged to read incorrectly. How does ones electric bill to increase so substantially when we have done everything possible to decrease energy use. APS is too greedy and holding us all at bay through their monopolized organization. Not more rate hikes!!

William Ahlbrandt Phoenix AZ 85032 US 1/12/2018 Then they said, "we have to build the paloverde power plant because of all the influx of people that are going to need electricity" That's OK, I"m good with that. Robert Cain Glendale AZ 85308 US 1/12/2018 People are going to flip when they see their bills using the new rate plans. Everyone needs to sign onto their APS accounts to do a comparison. People going to be really shocked after doing that. Off-peak rates are going up 55% while on-peak rates are actually going down 15%. My usage and many others use 75-85% of their electricity use during off peak times. My APS comparison showed an increase of 29-40% increase in my APS costs depending on which plan I get moved to. This is on top of the increase that happened in Sept 17. My bill will go from \$400-420 per month during summer to over \$625 per month according to the APS calculator. This \$95 million increase is more like a \$300 million increase for APS.

laure reynolds scottsdale AZ 85255 US 1/12/2018 There's no reason for a hike this drastic to be put into place and for Plans that allow for budgeting opportunities to be done away with. This puts a tremendous burden on the public and on individuals who are already having a hard time paying their bills.

Andrea Hennessy Sedona AZ 86336 US 1/12/2018 Metering is almost 11 dollars, with 3 different metering charges. The itemization list gets longer and more incomprehensible. My electricity usage is practically nothing, just my coffee maker and a couple of burners on my stove, yet my bill has increased in the last month considerably. These people are totally out of touch!

Tracey Wear Phoenix AZ 85020 US 1/13/2018 I can't afford electricity anymore.

Dina Scherba Glendale AZ 85308 US 1/13/2018 I haven't even used my heater once this season, yet my APS bill is still high. This is hurting the economy.

Phillip Rankin Anaheim CA 92825 US 1/13/2018 Because APS is currupt, crooked, manipulative and all around shady as fuck. People shouldn't have to plan there lives around there utility bill, just so they can put food in there mouths. The CEO of APS made \$13 million last year, maybe he should take a 70% income cut and give it to struggling families. Plus those new digital meters everyone had to pay for, yeah just another way for APS to screw people over by saying the meter wasn't transponding correctly. This way they can say "oops" the meter wasn't working properly, here's a huge bill guesstimating what we think you actually used. Then hit you with a bill to replace the faulty meter. My wife and I have talked to linemen and they said they do that shady shit all the time. Maybe, the higher ups at corporate for APS should walk a month in struggling families shoes and see if it's right to charge people more.

Henry Khachaturian Scottsdale AZ 85254 US 1/15/2018 APS is corrupt and we will hold it accountable. The rate hike is price gouging, pure and simple.

Anne Harrison Phoenix AZ 85020 US 1/15/2018 Not only are the new rates, it would seem, purposely confusing, but all options also appear to add a significant increase to our electric bill. We have no recourse but to sign petitions....so I will sign

Ericka Anglin Peoria 85382 US 1/15/2018 Too expensive now.

Brenda Elliott Winston OR 97496 US 1/17/2018 I winter in AZ and am shocked at how high the cost of electricity is here now. If they add even more to this, it will be outrageous. I also have family in AZ who just cannot afford this.

Sheldon Heckman Phoenix AZ 85043 US 1/18/2018 Stacey, I just sent you my contact info. I would really like to be involved in the legal proceedings. Look forward to hearing from you!

Lingfei Hui Phoenix AZ 85022 US 1/18/2018 One word - outrageous! Stop the madness of increase of the charges!

Leila Love	Phoenix	AZ	85016	US	1/19/2018	I cant afford an increase!
Darrell Jiles	Phoenix	AZ	85018	US	1/19/2018	I believe the 3-8 PM peak time is excessive. The previous 12-7 PM plan was sufficient.
Mike Nassar	Glendale	AZ	85308	US	1/19/2018	Changed all incandescent bulbs to high efficacy LED,'s, all energy star appliances, soft start on heat pump, additional attic insulation, programmable thermostat and bill continues to increase.....there is something wrong with this scenario!
Bella Donna	Lake Montezuma	AZ	86342	US	1/20/2018	THANK THUOU change.org!!
Kimberly Kawulok	Pratt	KS	67124	US	1/20/2018	I'm signing the petition because I feel APS is passing their loss of Revenue due to solar on to the consumer. I use less electricity now than I ever have and my bill is higher. I think we should get a breakdown of what this increase is going for.
karen velky	camp verde	AZ	86322	US	1/20/2018	I believe this rate hike to be justifiable.
Wayne Dudley	cornville	AZ	86325	US	1/20/2018	We the people need to stop being extorted
Sunday Larson	Sedona	AZ	86339	US	1/20/2018	APS is a private company providing a public utility. No Hearing = No Hike
Rene Bledsoe	Phoenix	AZ	85021	US	1/20/2018	Because I'm a single mother who can barely afford necessities and can't afford to pay more for my electricity
Stephanie Garcia	Sedona	AZ	86336	US	1/20/2018	I do not agree with this outrageous increase.
Victoria Johnson	Tucson	AZ	85743	US	1/20/2018	This rate hike helps no one and hurts many.
Laura Reed	Cottonwood	AZ	86326	US	1/20/2018	Yes! My 250.00 bill with less than 100.00 utility use. I also am a single mother and this one hurt a bit. ♦
Lisa Diacik	Rimrock	AZ	86335	US	1/20/2018	Our APS bill has gone up over 100.00 a month this is ridiculous! We cannot afford this and use less electric than we did last year!
Cee Ruda	Rimrock	AZ	86335	US	1/20/2018	When APS has to shut off everyone's elec because they can't pay, then will they stop this insanity?!
Patty Miller	Sedona	AZ	86336	US	1/20/2018	Our electric bill is already astronomical!!! We live across the street from Lisa & Steve.
Robin McDowell	Phoenix	AZ	85051	US	1/20/2018	APS needs to reign in it's rates. My sister got a \$17,000 per year pay raise from them. They could hire two well-paid people for what she makes. Their rates are too high. Their employees can take a pay cut like everyone else. Get a grip, APS.
FRANCES FINDLEY	CAMP VERDE	AZ	86322	US	1/20/2018	The bill is outrageously high
Timothy Wiggle	Camp Verde	AZ	86322	US	1/20/2018	I think the reason that the rate increase was approved was the commissioners were bought by APS., through political contributions. Of course they'll say that's not true.
Ludmila Loisy	Sedona	AZ	86336	US	1/20/2018	dirty politics involved again?
penny pearce	San marcos	CA	92078	US	1/21/2018	We just got solar and still have a ridiculous APS bill!
Walt Carr	Phoenix	AZ	85020	US	1/21/2018	This is excessive greed with NO need!
Stevan Pope		AZ		US	1/22/2018	APS increased our monthly rate \$ 29. X 12 months = \$ 348./yr. without providing any improvement or benefit to us. How can they justify such a significant increase without providing additional value? The increase is unreasonable.
Diane Milke	Phoenix	AZ	85331	US	1/22/2018	The new 'savings plans' that are currently being offered to APS customers represent a huge increase in utility fees. Considering the recent federal tax reductions that all utility companies are receiving, there is no justification for this increase in fees.
Ralph Wirebaugh	Surprise	AZ	85374	US	1/24/2018	There is evidence that APS doesn't need a rate increase my electric bill has increased from 2016 to 2017 per kw used.

Caroline Parsons-Korn Rimrock AZ 86335 US 1/24/2018 My shop building which has a separate meter, (they make you do that) was changed from an extra small small plan to extra small, based on three months in the summer, the plan gets changed for the whole year now, new policy I was told. Oh great we were using some power tools up there this summer, not something we do on a regular basis. Last months bill was \$48.09. Of that bill the generation of electricity portion was \$3.41. What a deal! Highway robbery.

Linda Knight-Archer Guelph N1E 1A1 Canada 1/25/2018 This is a ridiculous rate hike !

Mark Forrester Glendale AZ 85305 US 1/25/2018 Imagine school children having to do their homework at 85 degrees in our 6 month hot season, because their parents can't afford to use the A/C until 8PM! It's hard enough to wait until 7PM as before, and kids don't usually relish doing their homework even at 75 degrees. The change in the "saver" plan seems like a mask to cover even more of a rate hike. I imagine the Corporate Commissioners either are dine out every weeknight or have no kids (unless they are excepted, and set a plan up for themselves).
